## Sowing the Seeds of Love

This image takes us to the most romantic city in the world, Paris. The beautiful skyline was taken from the top of the Notre Dame, where you can see the most famous landmark, "The Eiffel Tower," in the city. Every year people travel to Paris with hopes of either falling in love, recapturing love or just simply being with the one you love. There is a sense of magic about Paris that brings romance and fantasies to our mind. This image plays out those fantasies. The costumed men, who I shot during the Carnival in Venice, are like marionettes coming down from the sky spreading the "magic seeds of love." It is about bringing love into one's life, with someone else or just within yourself, loving who you are.
